

Daffodil (paper pieced)

This pattern contains 4 pages, and includes:

- 6" **Daffodil, right facing** block pattern, without seam allowances
- 6" **Daffodil, left facing** block pattern, without seam allowances
- table of percentages for resizing 6" block when photocopying
- coloring pages to experiment with your own color ideas

IMPORTANT!: To ensure pattern size accuracy when printing from Adobe Reader, either:

- 1) Set "Page Scaling" to None (later versions of Reader)
OR
- 2) UNcheck the "Fit to Page" box (earlier versions of Reader).

After printing the pattern pages, verify the size accuracy using the "Print Size Check" arrow, which measures exactly 1" (2.54 cm) from tip to tip.

For other common finished block sizes, photocopy a 6" block at the percentages shown in the table at right. For metric block resizing, see <http://piecebynumber.com/dn.htm>

Remember to add 1/4" seam allowances around each section while piecing. If you like, make one photocopy at your desired finished block size, then measure and draw 1/4" seam allowances on the copied pattern. Then copy your adjusted pattern as needed for your project.
